THIS MEETING:

Date: **Thursday - January 30, 1997**
Time: **7:30 PM**
Place: **Redemption Lutheran Church**
4057 N. Mayfair Rd. (Use the south entrance)

Handicapped accessible.

*Please **DON'T call the Church** for information!!!*

Program: Video on "The Code Breakers"
Next Meeting: Thursday -February 27, 1997.

HamateurChatter material for next Chatter is due: **Feb. 1, 1997.**

If you have not paid your 1997 dues,
This will be your last HamateurChatter.
Check your mailing label for the status of your dues.

FROM THE PRESIDENT's DESK

I hope everyone had a very Merry Christmas and could ring the new year with their family and friends. I have come to realize that nothing can replace one's family and friends. This past December two more leaves fell off my family tree. I lost my sister, Jinny and my last brother-in-law, George. So, I am now the patriarch of my family! Thanks for your friendship and cards of sympathy.

This year our **Club is 80 years old**. Let's celebrate! To start we are sending the Chatter to all paid members and to all the life members on our list. I think that a special event station should be set up with an 80th Birthday QSL card. It would be nice if we could send pictures of our members and officers to QST. Bring your ideas of how we can celebrate to our first 1997 meeting. We will then take action!

Our average is 30 to 40 members at our meetings. Our membership is 180+. How about seeing the other 140 this year? Note our new meeting location for 1997 and BE THERE!

73

Ed Wille - W9PWG
President

KA9MXM'S REVIEWS THE NOVEMBER 27th MEETING

Hello to all. Hope you enjoyed our very last meeting at Wauwatosa Savings Bank on the day before Thanksgiving. Fred Krause - W9VLK handed out the badges and asked all to sign the attendance sheet. Beverly Baum - KB9KXX (was N9XYL) sold the raffle tickets.

Ed Wille - W9PWG started our meeting at 7:30 pm. and since this was our last meeting at the Bank, he suggested that we send a Christmas card to the President of the Bank thanking him for letting us use the meeting room for the last 15 years. Ed says the Club is trying to come up with something appropriate to thank the Bank in addition. The south branch of the Bank is still allowing us to use rooms for VE (Volunteer Examiner) testing. The mic was passed for introductions and 32 people responded, which included all members present, guests, friends, and XYLs of the members.

Jim Tromblay - WB9LNU read the minutes for the October meeting. Ken Eggert - W9MOT read the treasurer's report. Ed said he had heard derogatory remarks regarding the cost of the dues. Fifty percent of the dues goes for the mailing of the Chatter. 225 copies are printed and 180 copies are mailed out. About 15 copies are mailed out to life members (who've paid for for them). The remainder is used for Field Day, the Christmas Party and other Club activities. The VEC testing funds are kept separate and this activity is self-sustaining.

A new member, Dennis Fraser, formerly holding an Australian amateur license (VK3TW and his XYL Linda attended our meeting and are attending our Radio School. Linda already has received her American call - KB9OSD.

Ed introduced Dave DeFebo - WB9BWP, our first Vice President, who gave a talk on Computers. The program was very good and consisted of Dave's experiences at home and on the job in computers.

We then took a break for doughnuts, soda and coffee. Harold Newton and Matthew Planning worked in the kitchen along with Bill Jones - KF9FA. Neither Harold nor Matthew have their license yet, but are MRAC members.

It was mentioned to me that James K. Douglas - W9OR (a former member) is now a silent key.

The raffle was held along with some more expensive items, which Ed auctioned off. Bill Jones called off the raffle numbers. After the raffle meeting was closed.

I hope you all had a nice Thanksgiving, Christmas and New Year. I wish all of you a Blessed, Prosperous and Healthy New Year and I will be looking for all of you at our new meeting location, Redemption Lutheran Church Fellowship Hall at the northwest corner of Hwy 100 and Capitol Drive.

73's

George

George - KA9MXM

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

OUR 1996 CHRISTMAS PARTY

The 1996 Christmas Party was held at Alioto's Restaurant with 82 in attendance compared to 76 last year and was very successful. A raffle ticket was given to all for door prizes with a choice of a Poinsettia plant or other prizes. Four cash prizes of two $25, $50, ant $100 were drawn first and put on the side. When all the prizes were raffled off and given out, the cash winner's names were announced. Phil Lehmann - KB9FOQ won one of the $25 prizes (it was not recorded who received the other $25 and the $50 prizes, but, the $100 prize was won by Grace Peterson (XYL of Les Peterson - W9YCV). The entrees were similar to last year. Soda was free and mixed drinks could be obtained at the cash bar. Dorothy (Dot) Hazlett (XYL of Vernon - K9UVM was the keyboard musician again this year. Dick Schlatterer - KA9MTY was our trumpet player again who let the Christmas sing-along. Dot and Dick both did a very fine job as they usually do. Roger Zaun - W9UVV paid for the entertainment again this year for which we thank him profusely.

George - KA9MXM

KA9MXM Cont. on pg.5

History Buff

An old timer on 75 meters says there are three signs of old age, on is loss of memory. but he couldn't remember the other two.

Eleven years ago, 1986

Our Club officers were:

President	Ted Stiller - WA9RDI
Vice Pres.	Emerend Bude - K9HJH
Treasurer	Fr. Bill Kidd - NE9W
Secretary	Harry Cieszki - KD9AJ
Bus. Mgr.	Charlie Kaetel - W9SNK
Director	Jerry Melotik - KC9EV
	Chris Welton - WD9GZL
	Travis Baird - W9VQD
	Jack Krause - W9JK
	Bill Witt - N9KY

Charlie Kaetel - W9SNK was presented with a 60 year ARRL membership plaque.

Travis Baird - W9VQD was presented with a 50 year ARRL membership plaque.

VE testing was held at Wauwatosa - East High School. Advanced registration post cards were 14 cents.

Club radio classes were held at Wauwatosa - East H.S. — they were 12 sessions long, from Sept. 10 thru Dec. 3 and cost $10.00.

Club dues were $10.00. Chatter postage was half of today's.

Harry Cieszki and Travis Baird coordinated our special event radio station demonstration at Polish Fest on the Summer Fest grounds.

Field Day co-chairmen were Gerry Melotik and Gerry Reidel.

Twenty one years ago 1976.

The united States was celebrating our bicentennial and we were in the middle of an economic recession. A NASA Viking robot made our first successful landing on Mars looking for evidence of life. NASA planners start on the development of the Space Shuttle.

MRAC had 138 members. Club meetings were held at MSOE and in January 1977 we moved to Wauwatosa Bank on 76th and State.

Our Club officers were:

President	El Belanger - W9MDG
1st V.P.	Gordon Weiler - W9ZQK
2nd V.P.	Ralph Parker - WA9MLY
Treasurer	Travis Baird - W9VQD
Secretary	Ray Treumner - W9ITD
Director	Russ Burss - W9RKP
	Bob Glamm - W9UGN
	Flo Belanger - W9WYJ
	Walt Glish - W9YYW
	Jack Krause - W9UJM (W9JK)
	Sus Musashi - WB9BGJ

The Club had no newsletter. We used WA9JMO's newsletter called the "Hamateur". A total of 9 clubs shared this common newsletter.

The West Allis RAC hosted the 1976 ARRL Central Division Convention and the 5th Mid-Winter Swapfest at the Waukesha Expo Center.

Jim - WB9LNU

VE's for Nov. and Dec., '96

The 1996 Amateur Radio Year in Review!

W5YI Report - January 1,1997

Every year about this time we pause to reflect on what has happened to Amateur Radio during the past 12 months. Being tied to technology trends ham radio is naturally always changing. And 1996 was no exception! Here are what we feel are the major stories of the past year.

Ham radio is changing

All of the growth in ham radio is coming at the VHF and higher frequency microwave bands. Back in the 50's, 60's, and 70's - ham radio meant low band DX, sideband and long-range HF rag-chewing. The pool of HF operators is now drying up (as low band equipment manufacturers and ham radio dealers universally verify.) The "Experimental World above 50 MHz" has now become the operating spectrum of choice for today's new breed.

The No-Code Technician continues to show the biggest increases in the number of ham operators. There are 6.7% more Technician and Tech Plus operators than a year ago; 43% of all Amateurs hold these licenses. (More than double the 20% "market share of a decade ago.)

And for the first time ever, the combined census of Amateur Extra, Advanced and General Class operators actually showed a decline last year! In total, the number of ham operators did increase slightly. Very slightly ...less than 1% - with all of the increase coming at the No-Code Tech level.

Follows is the Amateur Radio individual station census over the last couple of decades. Keep in mind that the number of individual Amateur Radio stations was somewhat overstated during the period 1989 to 1993 due to the implementation of the ten year term license. During this period no ham licenses expired at all! In 1984 the FCC began issuing ten year tickets which did not begin expiring until 1994. The last five year term licenses (issued until December 1983) expired in December 1988. This artificially increased ham radio growth.

Census of Active Amateur Radio Stations - (Dec 1st)

Year	Extra	Adv.	Gen.	Tech.*	Nov.	Total:
1978	22204	82860	118363	68508	61227	353162
1979	24160	84959	122747	69076	61313	362255
1980	26455	88933	124364	70161	72093	382006

"How about you taking the 'Dah' side for awhile?"

73's & 88's

Cedarburg WI

Pancho:

I was going thru some files today, looking for paper which might be thrown out with no ill consequences, and I came across an old file on Lou Moreau - W3WRE. She was known for her extensive straight key collection, and with whom I had spoken several times in the old days, by CW only.

Later I got to know her better in meeting and eating with her on various trips to Rochester, NY., for AWA conventions. She was an ex-telegrapher for several railroads, and was quite a prolific writer for our "AWA Review"- (yearly publication of the Antique Wireless Assoc.) She was a telegrapher who made Morse sound as tho' it came off of tape, at 35 wpm on a straight key - 30+ years experience has a way of doing that!

In addition to all of that, she was a telegraphic historian, and maintained an extensive library as part of her collection, from which anyone, so inclined, might borrow.

The following is an extract from such writings:

"88" & "73"

The numerals 88 and 73 have become a tradition in communications language for almost 120 years. The older of the two, 73, appeared in 1853 meaning "My Love to You". In 1857, The first official definition made it a "fraternal greeting between operators". Two years later, in 1859, Western Union made "73" a part of their "92 Code", to indicate "Accept my compliments". The final change came in 1895, when "73" was held to mean "Best regards" for the telegraph, and later for radio operators.

"88" never received the formality of an official listing until it was adopted as one of the Ham Abbreviations. It had been one of the operators' traditional terms well before the turn of the century. During WW I, "88" was used by the US Army Signal Corps, again strictly as an operator's abbreviation in unofficial communications. At the close of WW I, "88" achieved official status as part of amateur terminology: "love & kisses".

Signed, Louise Ramsey Moreau, W3WRE

There! I guess that settles it once and for all . . . . Hi! Her collection is now in the AWA annex at Bloomfield, NY.

73,

Fred

W9NZF

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

"No wonder you're having trouble with the code -- That's RTTY."

ARRL "Thanks"

We Received a nice letter from the Executive Vice President of ARRL, David Sumner, K1ZZ, thanking us for the Club's contribution to the Fund for the Defense of Amateur Radio Frequencies.

He said in closing "As we go forward to the 1997 Radio Communication Conference and to other future spectrum challenges, it means a lot to know we have your support."

HAM CLUB ACTIVITIES

CQ Third Tuesday
11:00 am
Old Country Buffet
164th and Bluemound

Y'all come(!) to the **MRAC HAM BREAKFAST** every Saturday morning at 8:30 o'clock. Maxim's Restaurant 9143 W. Appleton Ave. (corner of 91st St. and Appleton Ave. near Timmerman Field). Prices are reasonable, the food good, and the company excellent.

First Friday Fish Fry
Serb Hall at 51st and Oklahoma Ave. Call: Warren - K9IZV on the 146.91 - offset for reservations by Noon on that FRI.

W9RH-10 & 2 METER NETs
W9RH Ten Meter Net 8:45 PM at 28.4 MHz. SSB Friday evenings at 9:15 2 meter FM repeater at 147.045 + offset. We'd like to meet you there.
